Subject. :- Bangalore Defence Scheme. Annual Returns.

With reference to your letter No. P. 88 dated the 6th instant, re. the large variation in the figures under the heading "Oxen" of the above statement, as compared with the figures of last year, I have the honor to state that the variation is mostly due to the difference of figures furnished by the Amildar, Tarikere Taluk as noted in the margin. The Amildar who was asked to verify the figures has reported that the figures furnished for the current year have been based on actual local enquiry. A copy of my letter to him and his reply thereto is enclosed. In the circumstances reported by the Amildar, the figures now furnished may be taken as correct.

Statements of Local defence scheme. Brigade Area.

The annual return received from you for 1937 is herewith returned.

The figures furnished by you for the current year differ considerably from those of the last year and bears no comparison. The figures must have been put as a machanical process without any data.

You are therefore requested to personally check these figures and furnish an explanatory memo for the large variations.

The return should be returned by the return of post.

Letter No.G.C.26/37-38 dated 18th July 1937 from the Superintendent of Police, Kolar District, to the Deputy Commissioner, Kolar District.

With reference to your letter No.A3.C.Per.39/36-37 dated 8-7-1937 requesting to submit revised statements in connection with the Local Defence Scheme of Bangalore Brigade Area after due verification of figures, under the heading Wheat, Atta, Rice, Salt and Gram as compared with the figures of the last year under the respective heads for favour of kind perusal.

As for the variation in figures of this year when compared with those of last year, I submit that some of the Taluk Inspectors have reported that the increase in the supplies is entirely due to the facilities in conveyance by motor lorries and buses, and even greater quantity can be supplied.

Hence the figures furnished may be accepted.

As for the variations under the head pack mules and ponies the verification of the figures of the previous year goes to show that obviously figures for pack bullocks had been mistaken for those of pack mules. There are no pack mules in the district.
